Name (GH)

Name (SM)

Welcome and apologies Chair

MB - Wed/Thur likely day so Amber, weather window in night on both. Thursday through to Friday 12 hour window, so Friday is highly likely red day.

ML - Any other intelligence from down stairs or other? Nil

Staffing/Support

AN – 2 in tomorrow, 3 on VTS. Moo x 2 and 2 new moo's only 3 weeks old. No Support from external **Name** has been down recently to help. Next support is coming on 17th, an email will be going out to everyone tonight. 3 Thursday/Friday, then back to 2 sat/sun.

ML – Any SMC capabilities?

AN - GP is away tomorrow and Thursday. I'm in tomorrow as COLO. SMC required.

ML – I'll make a phone call after this to make clear to JRCC that support is likely. On Friday down as red, George you back in Friday?

GP – Negative, travelling Friday.

ML - Is it business critical trip?

GP – Migrant related, table top in Milford.

ML – OK, so staffing is poor. How competent are operators AN?

AN – Very competent, concerns are burnout though, 414 for today. Thursday all very experienced as well.

ML – When did last A &T message go out?

AN – Unknown, can send one out though for tomorrow.

ML – Yes send for Wed, Thur, Friday, unless anyone disagrees. To **Name** any challenges in relation to SAR Fleet.

DF – No challenges, this take priority, on counter pollution or fisheries etc. Nothing off state.

MB – Any amber requests gone in?

DF – Not at the moment will likely be in 10 min after call. I have no red on what I've got, we've got the one sent out yesterday.

ML – Email will be forwarded to DF now. Friday is highly likely.

Name joined meeting – ML summarising, likely and high likely coming, 2 and 3 MOO's no SMC, going out for support tonight on A&T and email, but brace yourself for network plan on the next few days to support.

ML **Name** come back to me with staffing for the network. Anything from CRS side?

MP – No we've restocked on the quick and back to where we need to be.

Actions

AN - overtime message, on A&T and email.

SM - Look at network Support over next 3 days for operators and SMC. (Done)

ML – Send **Nam** email (Done).

Any final comments

SM – Friday day JRCC is one below JSL. Still 34 in network. Rest of the days will be fine.
