Activities

- The SGMer is responsible for monitoring, assessing and forecasting, coordinating the monitoring of legislation relating to the sea and proposing any necessary changes to take account of developments in international and EU law.
- The SGMer is involved in drawing up public policies concerning the sea and coastline and ensures that government decisions are designed and implemented in close consultation with all the professionals concerned, in order to ensure the harmonious development of the various maritime activities.
- The SGMer leads and coordinates the work of the maritime prefects and overseas government delegates for state action at sea.

Take a look at the results of the hackaton organised in December 2020 to mark the 25th anniversary of the SGMer.
